No, that property (222401-2-104-2002 @ W Arsenal and W Loxie Eagans) isn't part of this EPA information request. It's only the 3 shown on the figure.

There may be documents in the file boxes that relate to that property – but this request is only interested in the 3 at the end of Pennsylvania/Thompson Drive.

I'll leave you off future emails! I'm sure you get more than enough.

Hi Kelli,

I know your diagram is of a different property, but I just want to verify that you're not working on any issues for the following Sesko property: 222401-2-104-2002 (@ W Arsenal and W Loxie Eagans).

Kylie will be working on the Gas Works issue.

(Just fyi, we have a utility lien and a foreclosure lawsuit pending on the Arsenal Way property. The property is apparently about to be sold. And we're hoping to recover on our lien.)

Thanks,  
Amanda

I have gone through the 3 boxes of files on the Sesko Abatement activities, (which involved 2 of the properties), just to be familiar with what documents we have. I have started making notes on the Information Request template, because I need clarification on some of the questions. I'd really like to be at this meeting, let me know when you set a date & time –I am unavailable all day Monday, and Tuesday after 2:00 pm.

Thanks,

Kelli Lambert

Hi Dave – attached is the information request I mentioned a few minutes ago – I just love the partnering tone of the letter...

Would you be available next week for a 1+/- hour meeting to discuss this site? We need to get started in responding to this request and it would be very helpful to pick your brain for background. Also, if you could forward the letter on the site that you mentioned that would be very helpful.

Tom,

We received the attached information request from EPA – we'll need Engineering's help on coordinating a response. We should meet after you've had a chance to review the letter.

Thanks –

Kelli
